SCORPION

EXCAVATOR GRAB RANGE

WHO ARE MDE MACHINERY?

MDE is a forward-thinking, imaginative manufacturer based just outside the small village of Markethill, Northern Ireland. Since MDE was formed in 2013, founders Mark and Dean Belford have been leading the company into rapid yearly growth.

"As children we made our own toys to play with in the garden, our dreams were that someday we would own a factory making toys for other children. As the years progressed so did our enthusiasm for engineering. We have never seen engineering as a job or career, it's our passion!"

MDE's vision and dream now is to become a global manufacturer that people can put their trust in when building the equipment they need. MDE currently can be found in over 14 different countries, and as far away as New Zealand. We are always striving to push the MDE brand globally and welcome any international dealers to be part of our team.

MDE work closely with their customer's and dealers to improve and discover new products. We believe to design world market-leading equipment we need our customers' opinions and ideas.

Scorpion - S500

The smallest member of the Scorpion family. Although small in stature the Scorpion S500 should never be underestimated with its powerful gripping force, this attachment has no issue with ripping and holding every bite you assign it too.

Scorpion S500 Specification

Scorpion width	1.6ft / 500mm
Excavator Size	1.5t - 4t
Teeth Thickness	10mm
Teeth Separation	112mm
Teeth Depth	400mm
Grapple Opening	670mm
Hardox Teeth	✓
Bolt On Hitch	✓
Hardox Body	✓

Scorpion - S750

The S750 grab features a single cylinder, and hardox design. Its powerful hydraulic cylinder provides excellent gripping force, allowing for efficient and precise handling of materials.

Scorpion S750 Specification

Scorpion width	26ft / 750mm
Excavator Size	4t - 7t
Teeth Thickness	15mm
Teeth Separation	170mm
Teeth Depth	460mm
Grapple Opening	800mm
Hardox Teeth	✓
Bolt On Hitch	✓
Hardox Body	✓

Scorpion

Application Areas

- Private and commercial landscapes
